

**DENNIS HOUSING AUTHORITY**

The Dennis Housing Authority **PROHIBITS** the use of Portable Space Heaters.

Portable Heaters pose a considerable safety risk to both residents and the property of  
The Dennis Housing Authority and are prohibited.

It is very important to report any heating issues to the office immediately.

The only exception to this policy would be a temporary measure, determined on a case-  
by-case basis, with written authorization from the DHA and only when the DHA has  
determined that the existing building heat source are temporarily inadequate.
